

MIKE MANGAN

BIO

Mangan is widely considered a maverick on the Hammond Organ. In our era, very few keyboardists dedicate themselves to this iconic vintage instrument and Mike's passion blossomed into groundbreaking approaches to the Organ's tone. Mangan's virtuoso playing & exciting live performances have led him on world tours both as the bandleader of *Mike Mangan's Big Organ Trio* and as the featured Organist/Keyboardist & Backing Vocalist with artists such as *The Cult*, Rock & Roll Hall of Famer *Glenn Hughes* of *Deep Purple*, and *Graham Bonnet*.

Mike is also a Vocalist, Harmonica Player & Songwriter & has released numerous Studio Albums, EPs and Singles. Mangan is currently working on a new album & is primed to play live shows in a variety of formats, from solo to a band.

PRESS

"Mike Mangan's Hammond playing is lithe, percussive, greasy, and searing, encompassing elements ranging from Latin to hip-hop, straight-up rock to classic jazz."
Mike Gallant - Keyboard Magazine

"Glenn was joined by ace keyboardist Mike Mangan...who dazzled on a churchlike solo following "Sail Away" during which he quoted Richard Strauss: thus Spake Zarathustera"
Peter Roche - AXS
